

FLURRY 2012 - STAGE MANAGEMENT DIAGRAM

For all performance/dance venues, the Flurry Festival provides:

Microphones: Up to 12 vocal/instrument mics, 4-6 direct boxes, 1 wireless headset for caller (except Caffé Lena, 8 inputs max)

Inputs: Up to 16 balanced XLR inputs (except Caffé Lena, 8 inputs max)

Monitors: Up to four stage monitors, 2-4 mixes depending on venue

Power: 110 VAC on stage

Please note, **Workshop Rooms** have minimal or no sound reinforcement

Things a Performer should consider bringing (if needed):

- 1/4" instrument cable
- Extension cord/power strips
- Music stand
- Stool or preferred chair

Schedule Reminder:

- Please arrive 20 minutes before your session's start time to connect with the sound engineer/stage manager and review your stage diagram/sound needs
- At the end of the session, please exit the stage in a prompt fashion so the next performers can setup and begin their sound check

Instructions for Completing Diagram:

- Indicate locations of all personnel and instruments using the symbols shown
- Provide all other information as needed
- After completing the stage diagram, please print two paper copies, one copy for your own records and the second to be returned with the signed contract

Stage diagrams must be received with your contract before January 1, 2012. Mail to: Chrissie VanWormer, 1249 Gallupville Rd, Delanson, NY 12053

If you have any questions or comments, please contact Ian Hamelin at flurryfesttd@flurryfestival.org or call: 518-681-9505
